## **Website Package**

Get an affordable, effective website for your small business that you can update yourself. We'll help you choose a design and set up your site in one day with Homestead (an Intuit company) as you watch and learn. We provide you with:

- A list of information to assemble and tasks to complete prior to the scheduled day.
- Instruction on how to register your domain name and sign up for a free trial with Homestead/Intuit.
- A functional website that you can update and edit yourself, and guidance to help you do it easily.
- Additional support (if needed) at reasonable rates.
- Reasonable hourly and day rates. We currently charge \$45/hr. or \$350 for a full 8-hour day of service.
- *Please note that rates do not include domain registration or hosting with Homestead/Intuit. Special rates available for a limited time only and are subject to change. Call for details and scheduling information.*
